GAME CHANGE FUND SUPPORTING CLIMATE CHANGE RESEARCH CONDITIONS OF AWARD

1. INTRODUCTION

Each year the *Institute for Climate, Energy & Disaster Solutions (ICEDS)* may offer an award known as the Game Change Fund Supporting Climate Change Research (“the award”).

The objective of the award is to provide game-changing support to the emerging generation of bright PhD scholars from rural and remote areas to contribute to game-changing climate change research, adaption and mitigation outcomes.

Funding for this award has been provided by a group of donors, the Game Change Enablers, led by Graham Waters, Anne-Marie Waters, and Ray Kiley.

2. BENEFITS

Value: The total value of the Award is stated in the letter of offer. The Award will be paid in fortnightly instalments for the duration of the award as stipulated in the letter of offer.

Association: The recipient of the award will become a Game Change Scholar aligned with the ANU Institute for Climate, Energy and Disaster Solutions. ICEDS is a research-driven and member-focused organisation that advances innovative and interdisciplinary climate, energy and disaster solutions across the ANU. The recipient will become a student member of ICEDS and will have the opportunity to connect with other HDR students and academics in their area(s) of interest. The recipient will also be supported and expected to contribute to ICEDS activities and events, by showcasing their own research and engaging with other members.

The standard duration of a full-time award will be:

- a) For the Doctor of Philosophy (PhD) three years; less
 - (i) periods of enrolment already undertaken for the PhD degree; and/or

- b) Extension

A recipient may apply for an extension of the award by completing the [Manage my Degree - HDR](#) form. The maximum period of extension is six months and an extension may be sought only where the research has been delayed by circumstances beyond the scholar's control and is related to the research and is not of a personal nature, at the discretion of the Game Change Fund and ICEDS.

4. PROGRAM LEAVE

Periods of program leave must be taken in accordance with the Research Awards Rule.

- a) Unpaid Program Leave

A recipient may apply for unpaid program leave on personal grounds. If the leave does not exceed a total period of 12 months during the duration of the Award, the recipient may resume the Award at the completion of the leave.

Program leave exceeding a total of 12 months will only be considered where there are exceptional circumstances beyond the control of the recipient and must be approved by the Delegated Authority in the College.

Unpaid program leave is aggregated and awarded only in one-week blocks for a full-time recipient and two-week blocks for a part-time recipient.

9. DEFERMENT

The award cannot be deferred.

10. ONGOING ELIGIBILITY

The recipient of this Award is required to remain enrolled full-time (or part-time, with approval) in an eligible program of study for the degree of Doctor of Philosophy at the Australian National University.

A part-time Award may be offered or approved if the recipient has reasons acceptable to the University that preclude full-time study for part or all of the course of study. In such cases the University must be satisfied that the reasons relate to caring commitments, a medical condition or a disability, or other circumstance which limits the recipient's capacity to undertake full-time study.

The recipient is required to complete the annual progress reviews and be assessed as making satisfactory progress toward all PhD milestones. The recipient is expected to engage with ICEDS with regard to research progress to discuss the value of the scholarship on a non-onerous schedule to be discussed with the recipient (likely 6 monthly discussions).

Research findings generated through the scholarship may be published in scientific journals or other publications, with appropriate acknowledgement to ICEDS.

An award cannot be transferred to another institution.

11. SUSPENSION OF AWARD

A recipient may apply to ICEDS for suspension of their Award. A suspension may be appropriate if a recipient is studying at another institution and receives an award for that study. In these circumstances the duration of the Award will be reduced by the periods of study undertaken towards the degree during suspension of the Award (unless the study was undertaken overseas as part of a Commonwealth Government financially supported international postgraduate research scholarship or award).

The University may suspend an award where a recipient has:

- a) outstanding fees; or
- b) an outstanding debt with the University; or
- c) outstanding PhD milestone/s; or
- d) been found to be in breach of a statute, rule of policy or procedure of the University.

The award will be suspended when at least 5 working days have passed since the University advised the recipient in writing that the milestones, debt and/or fees are outstanding, until the milestones have been met or the outstanding fees and/or debt have been paid. Under these circumstances, the recipient will forfeit payment for the period of time that their award is suspended.

12. CESSATION OF AWARD

The Award ceases or should be surrendered:

- a) if a student no longer meets the eligibility requirements;
- b) at the conclusion of the period outlined in section 3;
- c) on the date on which the recipient withdraws or ceases to attend the University other than for approved absences;
- d) if a recipient fails to enrol as required in section 10;
- e) if a recipient changes their program or course without permission to retain the Award;
- f) if a recipient breaches academic or behavioural standards set by the University under the ANU Discipline Rule (2021) and Academic Integrity Rule (2021).

whichever is earliest.

13. REPAYMENT OF FUNDS

A recipient who is taking leave from their program, or changing their enrolment intensity from full-time to part-time, must submit the prescribed [Manage My Degree - HDR](#) form in a timely manner and, where possible, in advance in order to avoid receiving an overpayment of their award. In circumstances where an overpayment does occur, the overpayments will generally be recovered in line with the ANU Procedure - Overpayments.

14. PROVIDING FALSE OR MISLEADING INFORMATION

The Award is based on the information provided to the University. The Award may be withdrawn at any stage if incorrect, false or misleading information is provided or relevant information is withheld. This includes circumstances where the false information is unrelated to the assessment in offering the Award.

15. VARIATION TO CONDITIONS OF AWARD

In exceptional circumstances and on a case-by-case basis section 7 of these Conditions of Award may be varied by the Dean on the recommendation of the chair of selection committee.

16. TAXATION & CENTRELINK

Recipients are responsible for seeking taxation and Centrelink advice (if applicable) regarding their own individual circumstances. Awards may be regarded as taxable income if a recipient is enrolled on a part-time basis.
